

Plywood

Pieces cut from 12 mm marine ply.

Where there is no drawing, there is either...

- No additional detail, or
- Additional details haven't yet been drawn.

Cross Panels

Five cross members, LH, RH, & 1 to 3 numbered LH to RH.

Routing is 3mm deep & drawn with 2 mm with clearance.

End Panel LH

- 530 x 250 mm.
- Hole for water hoses.
- Hole (drawn) or recess for clearance light.
- Cutout for gas bottle access.

End Panel RH

- 530 x 563 mm.
- Hole (drawn) or recess for clearance light.

Cross Panel 1

- 530 x 563 mm.
- Hole for gas hose movement.
- Cutouts for frame top rails.
- Cutout for pipe & wiring.
- Cutout for LH back panel.

Cross Panel 2

- 518 x 563 mm.
- Cutouts for frame top rails.
- Cutout for pipe & wiring.

Cross Panel 3

- Mirror of cross panel 2.

Back Panels

Two back panels, both having holes for mounting taillights.

- Back Panel LH: 300 x 115 mm.
- Back Panel RH: 722 x 563 mm.

Benchtop

1600 x 530 mm, with hole for sink & cutout for wiring to splash back.

Drawers

Provision for hardware not yet shown.

Five drawers with front panels...

- Drawer fronts 1 & 3, 284 x 96 mm, for a nominal depth of 100 mm.
- Drawer fronts 2 & 4, 284 x 146 mm, for a nominal depth of 150 mm.
- Drawer front 5, 284 x 305 mm, for a nominal depth of 309 mm (with 4 mm clearance below).

Drawers 1 & 2 are special purpose drawers...

- Drawer 1, 350 mm long with the bottom set high for an effective depth of 50 mm.
- Drawer 2, 250 mm long with a rail across the top back instead of a back panel, so that there is a large opening for wiring.

The rest of the drawers are entirely standard, & as long as possible.

Cupboard

Door 406 x 555 mm. Provision for hardware not yet shown.

Floor 384 x 480 mm. Requires an opening at LB corner for passage of sink waste hose (drawn as 70 mm radius quarter circle).

Shelf 410 x 500 mm. Requires hole under centre of sink bowl for passage of sink waste hose (drawn as 70 diameter but smaller would be preferable).

Splash Back

1570 x 100 mm, with holes near centre for switchgear.

Lid

Provision for hardware not yet shown.

Four sides of a 1600 x 530 x 112 mm box. Pieces are...

- 1600 x 530 mm for top.
- 1600 x 100 mm for front.
- 2 of 518 x 100 mm for ends.

End Shelf

400 x 530 mm. To attach to RH end when deployed.
